New, bright and easy-to-clean fabrics
for Fri™, a welcoming easy chair
by Spanish designer Jaime Hayon

NEW UPHOLSTERY OPTIONS FOR THE FRI™ CHAIR

Fri™ is an extroverted chair with a soft, open design by Spanish designer, Jaime Hayon. Created as a comfortable and welcoming space for quiet retreat or lively socialising, Fri™ works well alone or in multiples.

Fri™ comes fully upholstered in a wide range of fabric types. Two new contract upholstery options are available for easy steam cleaning, as well as three cheerful, new fabric options.

MATERIAL

The shell of the chair is created in hard polyurethane foam with glass fibre re-enforcement of the edges, just like the Egg™ and Swan™. The footstool has a bottom plate made of MDF on which the seat cushion is mounted. Cushions for both the chair and the footstool are made of moulded polyurethane foam to achieve the right form and comfort. The back cushion on the chair is made of two slices of soft foam with a lumbar support to increase durability and comfort.

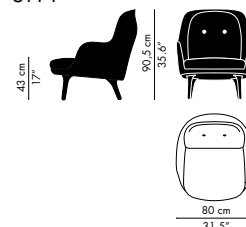

The base comes with four legs made of brushed aluminium (JH4/JH14) or solid oak with a clear lacquer finish (JH5/JH15). The chair legs have mounted nylon glides, suitable for a majority of flooring. A matching footstool is also available.

WARRANTY

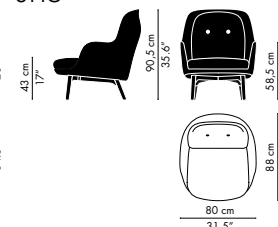

Standard: 5 years (Wooden base, Cushions, Fabric, Leather: Soft)
Extended: 10 years (Aluminium base, Shell, Leather: Rustik, Natural, Grace, Embrace)
