PULIZIA E MANUTENZIONE | CLEANING AND MAINTENANCE
Spolverare delicatamente e in caso di macchie lievi passare la superficie con un panno umido o con una soluzione di detergente neutro, risciacquando con acqua, senza strizzare. Lasciare asciugare al rovescio evitando l'esposizione diretta alla luce del sole. Stirare al rovescio a bassa temperatura. Per le macchie localizzate e più ostinate (olio, grasso, cosmetici, inchiostro, caffè, liquori, chewing-gum, ecc.) si consiglia di seguire le seguenti istruzioni: disciogliere tempestivamente la macchia con alcol etilico diluito (liquido incolore) in acqua al 20%, tamponare e trattare successivamente con una soluzione di detergente neutro, risciacquare bene.

Dust gently and in case of light stains pass the surface with a damp cloth or a neutral detergent, rinse with water without squeezing. Let the fabric dry inside out avoiding direct exposure to the sunlight. Iron to the reverse at low temperature. The following instructions are recommended for small located and more obstinate stains (oil, fat, cosmetics, ink, coffee, liquor, chewing-gum etc.): dissolve immediately with clear ethylic alcohol diluted in water to 20%, dab and then treat with a neutral detergent solution. Rinse abundantly.

PULIZIA E MANUTENZIONE | CLEANING AND MAINTENANCE

Evitare la luce diretta del sole. Eventuali macchie si possono eliminare usando un panno inumidito con acqua e sapone neutro. Non strofinare, ma tamponare delicatamente dai bordi al centro della macchia. Asciugare immediatamente dopo il trattamento. Evitare l'esposizione a fonti di calore. Spolverare regolarmente la pelle con un panno morbido ed asciutto.

Avoid placing leather near direct sun. Spots can be washed off using a lightly damp cloth with mild soap. Do not rub. Use a circular motion working toward the centre of the stain. Dry immediately after the treatment. Keep the leather away from heat sources. Dust regularly with a soft and dry cloth.
