

Wrap

design Copiosa Lab

Wrap Wood

design Copiosa Lab

È capace di trasformare una stanza, un locale, un ristorante, una caffetteria con la morbidezza del suo rivestimento (in tessuto, pelle o ecopelle) e con il suo colore. La variante con schienale in legno aggiunge una nota di pregio per interni particolarmente curati e, nel contempo, esalta l'accoglienza del suo disegno avvolgente.

Capable of transforming a room, a venue, a restaurant, a café through the softness of its fabric, faux or leather upholstery and through its colour. The show-wood back version adds a touch of class for especially swish interiors, whilst highlighting the embrace of the wrap-around design.

Wrap Steel

design Copiosa Lab

Le sedute metal-chic che sanno coniugare la ricercatezza con la semplicità. Confortevole e funzionale, Wrap Steel Family lancia segnali di uno stile trasversale. Due versioni di schienale, ampio o essenziale, la traghettano verso richieste diversificate che ottengono facili consensi sia in contesti di tendenza quanto in quelli più eleganti e formali.

The metal-chic collection that manages to combine elegance with simplicity. Comfortable and functional, Wrap Steel emits signs of a transversal style. Two versions of backrest, wide or compact, make Wrap Steel fulfil all types of requests as it slots easily into both trendy and more elegant and formal settings.
