

PILLAR COFFEE TABLE TALL

Pillar is inspired by the rich lustrous use of material in the 1930's Art Deco movement. The coffee table is characterized by the contrast between a paper-thin tabletop and voluminous base, embracing the material itself.

The Pillar coffee tables are featured in a tall and a low version, made of plated metal in three colors; brass, burned black and zinc which gives a sophisticated appearance and combined with the simple yet refined design makes a unique addition to your home. The curved exterior makes this table great for classic and contemporary interiors alike.
