BOW CONSOLE

The Bow console is inspired by the architectural Brutalism movement of the mid-20th century.

The design of the console draws parallels to the old aqueducts from the Roman Empire and classic architectural geometry. Repetition of arches are creating a beautiful silhouette combining architecture and design, creating a boxy and pure design classic.

The Bow console are cast in lightweight fiber concrete to create a unique textured surface and increase mobility. The console are hand painted with multiple layers of paint, creating a strong and resistant surface

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Product no: 203030

Type: Console - Indoor /Outdoor

Colour: Coffee

Material: Fiber Concrete

Care instructions:

Use a soft dry cloth to clean the product.

Do not use household cleaners.

Not Frost-proof

Dimensions: L70 / W31/ H80 CM

Country of origin: CN

Product weight:

Packaging:

Dimensions:

Total weight incl. product:

Number of parcels: 1

Material: Brown cardboard
