MANUTENZIONE DEI TESSUTI

ESEMPIO DI UN'ETICHETTA TRATTAMENTO DA NOI APPLICATA SUI NOSTRI PRODOTTI.

L'etichetta rappresenta solo una raccomandazione per la cura dei tessuti sui quali è apposta, non deve essere confusa con una garanzia o una marca di qualità che ne garantisca determinati requisiti minimi richiesti.

Le cifre sul mastello indicano, in centigradi, la temperatura dell'acqua che non deve essere mai superata.
ATTENZIONE:
simbolo valido solo per tessuti prelavati (richiedere prelavaggio tessuti)

Non lavare con acqua.

Non centrifugare.

Asciugatura a tamburo non consentita.

PRELAVATO
Il tessuto è stato prelavato. Può ugualmente restringersi in caso di lavaggio con acqua fino ad un massimo del 3% (tre).

NON PRELAVATO
Il tessuto in caso di lavaggio in acqua può restringersi fino al 10% (dieci).

Candeggio escluso: non sopporta la candegina e nemmeno uno smacchiatore di uguale effetto (riconoscibili dall'odore). Affidare a un esperto dei lavaggi a secco.

Stirare a ferro molto caldo.

Stirare a temperatura media.

Stirare a ferro tiepido.

Stiratura delicata solo a rovescio.

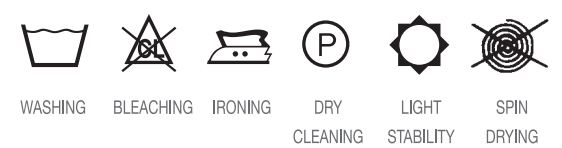

Tollera il lavaggio a secco con percloroetilene: metodo standard

metodo delicato

non lavare a secco

Solidità alla luce:
La solidità all'esposizione alla luce viene misurata con una scala crescente da 1 a 8. Una buona solidità alla luce nel caso di tessuti per interni, si ha a partire da 4.

FABRIC CARE

EXAMPLE OF A LABEL SEWN ON OUR FABRICS.

These symbols give a warning for fabric care only and should not be mistaken for a guarantee or a quality mark certifying some minimum qualification.

The numbers show, in centigrade, the water temperature which should never be exceeded.
ATTENTION:
the symbol is valid only for pre-washed fabric (fabric pre-wash should be required)

The crossed symbol shows no washing.

The crossed symbol forbids spin-drying.

Do not tumble-dry.

PREWASHED
The fabric is prewashed. In the wash it can shrink up to 3%.

NON PREWASHED
In case of washing, the fabric can shrink up to 10%.

The crossed symbol forbids bleaching. Please dryclean.

High temperature ironing is allowed.

Medium temperature ironing is allowed.

Low temperature ironing is allowed.

Careful ironing on the reverse side.

The symbol allows dry cleaning with perchloroethylene: standard process

mild process

Do not dry cleaning

Light stability:
The numbers show the light stability in accordance with a progressive numerical scale from 1 to 8. A good light stability for fabrics used indoor is granted starting from no. 4.
