Torno Stool

The guiding theme for the Torno series is the mobility. Simple, effortless and without snobbery, the series offers aluminium chairs and tables that are easy to adjust to individual needs. With chairs designed in open configurations, the collection supports self-determined lives, giving the user a range of options for exploiting how they would like to sit – providing a good seating experience, in any airport, café, park or studio..

Design: Form Us With Love

Form Us With Love was founded in 2005 and since its conception, the studio has burned with a passion for design and its democratic potential. Its belief is that we all have a right to meaningful design.

At the studio's core lies a process that blends traditional creative practices with a lean, strategic application. The central intention is to evolve with the needs of each project, its place in the market and the ever-changing needs of real people.
